

WINE LIST

INTRODUCTION

Our wine list embraces everything that Head Chef, Varun Khanna and the team love about wine from old, fine and rare to young, new and exciting. We like to think our Wine List represents some of the best value wines from across the world.

One of our aims is to make premium wines more accessible and you will find several 'Second' wines from the world's top wine producers. These wines share the character and taste of 'First' wines yet offer incredible value for money, Lacoste Borie is a prime example of this and the 2012 vintage is currently drinking superbly.

It doesn't matter if you don't know your Shiraz from your Tempranillo. In fact, that is more exciting for us, and the team can become your guide and hopefully share something new. Some of my personal favourites are highlighted throughout the list, you will also find some incredible value wines in our Bin Ends Selection below. I do hope you enjoy your time with us.

Sake

411	Yamatogawa Shuzo, Yauemon “Moonlight” Nigorizake, Fukushima	NV	60
------------	--	-----------	-----------

Moonlight is superb example of a full-flavoured, sweet nigori (cloudy) sake from Yamatogawa Shuzo. Nigorizake is made simply by coarse-filtering fermented sake to only partially remove the rice lees from the mixture. This results in a sake with a dense mouthfeel, a heady fragrance and a delicious, rice-forward sweetness from the remaining lees. Moonlight is full-bodied and weighty on the palate with high acidity and amino acidity elegantly balanced with the sweetness of the residual rice. Matches perfectly with our Thai Curry Ice Cream.
